

POISON SHOWN BY AUTOPSY

On Body of Fourth Husband
band of Mrs. Paul Vincent
Southard

WOMAN IS HELD IN DEATH CASE

She Is Now the Wife of a
Chief Petty Officer in
U. S. Navy

Honolulu, May 13 (By the Associated Press).—Mrs. Paul Vincent Southard was held here to-day in connection with the death of her fourth husband, Edward F. Meyer, who died in a hospital at Pocatello, Idaho, Aug. 20, last. An autopsy revealed traces of poison, according to the report of physicians which was forwarded here.

Mrs. Southard was held incommunicado, although she expressed a willingness to return to the mainland without extradition. Territorial officers said arrangements for her early extradition were being made. She is the wife of a chief petty officer in the navy. She is also known by the name of Mrs. Lydia Meyer.

The Southards arrived in Honolulu from San Francisco Jan. 12. They were married in Los Angeles last November. Mrs. William Stettner of Honolulu, who said she knew Mrs. Southard in San Francisco said she was a "good sweet woman." Both Mr. and Mrs. Southard are under 30 years of age. Southard denied the assertion attributed to him by the police that Mrs. Southard has sought to have him take out \$10,000 worth of life insurance. He said he did not carry any life insurance and that his wife never had asked him to take out any.

Twin Falls, Idaho, May 13.—W. L. Trueblood, father of Mrs. Lydia Southard, arrested in Honolulu charged with the murder of Edward F. Meyer, her fourth husband, furnished the clue that led to the discovery of her whereabouts. Prosecuting Attorney Frank L. Stephen said here to-day. Last January, the prosecutor said, the father, who had learned of the suspicious death against his daughter, asked the prosecutor's advice concerning an accusation made against Mrs. Southard involving the theft of diamonds from Mrs. Fred James of Twin Falls, while on a trip to Los Angeles. According to the prosecutor, Mr. Trueblood inquired if any report had been received of the chemist's examination of the viscera of her fourth husband.

Mr. Stephen replied that the reports had not yet arrived, but he hoped the results would clear Mrs. Southard. "I'm afraid they will not," the father is said to have replied, tears running down his cheeks. Charges against Mrs. Southard on account of the alleged theft of the diamonds were never pressed, the county prosecutor said, but authorities made use of the information in tracing her to Los Angeles.

NATIVE OF RANDOLPH.

Arthur D. Wyatt, Brattleboro Selectman, Who Died in New York City.

Brattleboro, May 13.—Arthur D. Wyatt, a selectman of this town and formerly widely known as a photographer, died in the Presbyterian hospital in New York City yesterday morning, following a shock of paralysis which he suffered last Saturday. Mr. Wyatt had been for some time afflicted with a kidney trouble and five weeks ago he and Mrs. Wyatt went to New York, partly for the purpose of consulting a specialist and partly for recreation. Shortly after reaching the city, he was stricken with pneumonia and was critically ill, but had recovered sufficiently so that he and his wife expected to return to Brattleboro this week, when he had the shock. From the first it was known that he could not survive it.

Mr. Wyatt was born in Randolph, May 5, 1869, a son of Amos N. and Helen M. (Hadley) Wyatt. His father, who also was a native of Randolph, was a farmer in his early life and served in the Civil war in Co. E, 10th Vermont regiment. The family came to Brattleboro in 1871, and Arthur D. Wyatt attended the public schools here. In 1884 he married Emma J. Newell of Brattleboro, who survives.

For 33 years Mr. Wyatt was in the photograph business and his studio became one of the largest in Vermont, its work having been received with favor at photographic exhibitions.

He was a member of several civic associations, as well as lodges and the Universalist church. At the time of his death he was clerk of the board of selectmen.

TO BAR BETTING ON HORSES.

Kentucky Women Begin Campaign by Request to Legislature.

Louisville, Ky., May 13.—Adoption of a resolution calling upon the state legislature to prevent legalized betting on horse racing, as unanimously accepted by the Kentucky Federation of Women's Clubs in annual convention in Danville, Ky., yesterday, was said to-day to be the first victory in a determined fight to have the Pari-Mutuel betting machines abolished and put gambling on horse racing in the class, legally, with other gambling.

The campaign against the machines was launched by a number of ministers and laymen at a recent meeting here. Heim Bruce, a prominent attorney, heads the committee. Widely known ministers also are on the committee. Prepared resolutions protesting against permitting the betting to be continued have been presented to the various business, civic and betterment organizations with the request that they be adopted. "An address to the people of Kentucky protesting against the gambling is being prepared and will be published within a short time. Ministers throughout the state are being asked to devote one sermon to the evils of race horse gambling."

SPRING AILMENTS

Impure Blood, Humors.—Relief in a Good Medicine.
Spring ailments are due to impure, thin, devitalized blood. Among them are pimples, boils, other eruptions, catarrh, rheumatism, loss of appetite, that tired feeling, nervousness and "all run-down" conditions.
Hood's Sarsaparilla combines the roots, barks, herbs, berries and other medicinals that have been found in many years of intelligent observation to be most effective in the treatment of these ailments.
Successful physicians prescribe the same ingredients for diseases of the blood, stomach, liver and kidneys, and in cases where alterative and tonic effects are needed.
Hood's Sarsaparilla is the spring medicine that purifies, enriches and revitalizes your blood, increasing power of resistance to disease.
For a laxative take Hood's Pills.

CARPENTIER TRAINING QUARTERS COMPLETED

Outdoor Arena and Indoor Ring Have
Been Provided—Big Arena in
Jersey City Will Be Ready
June 15.

New York, May 13.—Georges Carpentier's training quarters at Manhasset, L. I., where he will train for his fight with Champion Jack Dempsey, have been completed, it was reported to-day.
Besides the outdoor arena where the European champion will engage his sparring partners, an indoor ring has been constructed for use in inclement weather.

Tex Rickard, promoter of the championship bout, said to-day he was reasonably sure that the ring being erected in Jersey City would be completed by June 15. The box office sale of tickets for the bout began at Madison Square Garden to-day.

CORNELL MEN ASSEMBLE

For First National Convention Away
from Alma Mater.

Cleveland, May 13.—Cornell university graduates from many cities gathered here to-day to talk over school memories, boost the interests of their college and discuss educational topics. It is said to be the first national convention of alumni ever held away from the seat of the Alma Mater. The slogan of the convention is "Don't just get educated—keep educated."

"There has been much criticism of college curriculums on the ground that college men specialize too much," J. P. Harris, president of the associated alumni of Cornell, said. "Many educators feel that proper safeguarding of the best in American education calls for more attention to culture. The subject will be threshed out at the convention."
Professor Paul Shory of the University of Chicago and Dr. James Parker Hall, dean of law at the same university, were on the morning program for addresses on "Cultural Versus Materialistic Education." Acting President Albert W. Smith of Cornell university was to speak on "Cornell."

Romey Berry, graduate manager of athletics, will preside at a banquet to-night.

JAKE SCHAEFER WON.

Easily Defeated Horemans, the Belgian
Billiard Champion.

San Francisco, May 12.—Jake Schaefer of San Francisco won both blocks of play on a 4,000 point match of 182 billiards with Edouard Horemans, Belgian billiard champion, yesterday. In five and one-half innings last night Schaefer won 400 to 379, making the score stand 800 to 328.

CHELSEA

Farmers' meeting, Tunbridge town hall, Monday evening, May 16, at 8 o'clock. H. H. Bejer, dairy division, U. S. department of agriculture, speaker. An interesting meeting for all dairy farmers.

WARSHIPS NOT GOING TO JAPAN

British Naval Discards Are
Chiefly Being Broken
Up

SAYS STATEMENT BY ADMIRALTY

In Refutation of Report the
Ships Were to Be Ac-
quired By Japan

London, May 13.—Some 200 destroyers, 25 battleships and 50 light cruisers have disappeared from the British navy during recent months. The admiralty has issued an explanatory announcement, saying the vessels were all sold to British firms for breaking up.

This statement was the result of reports circulated in America that Great Britain was making extensive sales of Warcraft to South American governments for eventual transfer to Japan. "The only ships disposed of to foreign governments since the armistice," the statement said, "are the battleship Canada and two other vessels which were sold to the Chilean government, for which they were originally built; one sloop to Denmark, two sloops to Portugal and one sloop to Belgium."

RADIUM ROBBERIES ON THE INCREASE

A \$6,000 Tube Lost on Elevated Train
in Chicago Is Still
Missing.

Chicago, May 13.—A \$6,000 tube of radium lost in an elevated train in Chicago and reported found in Kansas City, is still missing, the local representative of the insurance company handling the adjustment announced to-day.

A tube found by a Kansas City woman and believed to contain the missing radium was found to be simply a cheap toy.
Other mysterious disappearances of radium throughout the country at least one a day for the last 10 days, were reported by this company, which is said to insure the greater part of all the radium in the United States. Losses have been reported from such widely separated points as Portland, Ore., Oklahoma City and Toledo, O., aggregating \$40,000.

LEFT \$6,000,000 ESTATE.

Charles H. Morse Left Property to Two
Sons.

Chicago, May 12.—An estate of \$6,000,000 was left by Charles H. Morse, scale and machinery manufacturer, who died May 5 at Winter Park, Fla., according to the will.
The two sons of Mr. Morse, Charles H. Jr., and Robert, divided control of the Fairbanks-Morse Co. between them.

Mrs. Ethel M. Brown Tells How Cuticura Healed Daughter

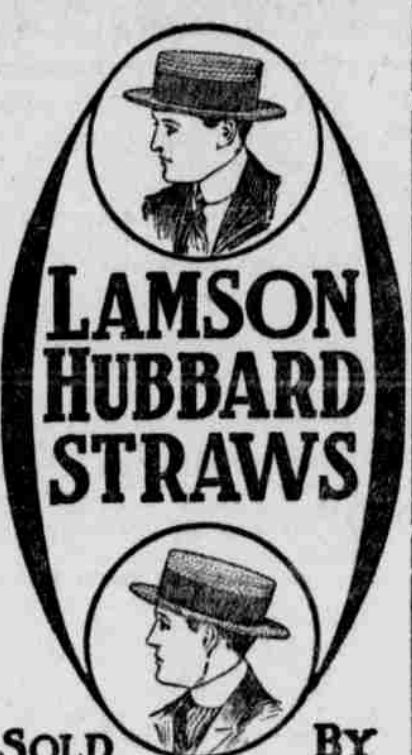

"A small eruption came at the corner of my daughter's mouth and spread all over her face and head and down her throat and chest. It broke out like water blisters, and itched so that she would almost go wild, and she could not sleep. Her hair was matted and she was disfigured."
"My sister recommended Cuticura, and when I had used one box of Cuticura Ointment with the Cuticura Soap my daughter was completely healed." (Signed) Mrs. Ethel M. Brown, 398 Water St., Ellsworth, Me., July 29, 1920.
Clear the pores of impurities by daily use of Cuticura Soap and occasional touches of Cuticura Ointment as needed to soften, soothe and heal. They are ideal for the toilet, as is also Cuticura Talcum for perfuming.

SERIOUS FIRE LOSS AT YOUNGSTOWN, O.

Firemen Say the Fire Was Incendiary,
Gasoline Having Been Sprin-
kled on Lumber.

Youngstown, O., May 12.—Fire here early to-day caused a loss estimated at \$750,000. The old Mahoning Valley power house, a lumber yard, ten houses and a garage were destroyed and the plant of the Smith Brewery Co. was damaged.
Firemen say the blaze which started in the Parish brothers' lumber yard, was incendiary and that gasoline or oil had been sprinkled over the lumber. Traffic on the Erie railroad was tied up more than four hours.

DISABLED SHIP RUN ON BEACH

And 1,100 Passengers and
Seamen Were Not in
Jeopardy

COLLISION TOOK PLACE IN A FOG

Liner Benalla Was in Crash
With Tank Steamer
Off Cherbourg

London, May 13.—The Peninsula and Oriental liner Benalla, from London to Sydney, Australia, with 1100 passengers and seamen on board, has been beached near the Royal Sovereign Lightship, off Cherbourg, France, after a collision with the British tank steamer Patella, says a wireless dispatch. The collision occurred in a fog.

A statement issued by the company says that no one was injured and that the passengers will be landed this afternoon. The Benalla was damaged on her port side and may be floated late to-day.

"The Best is the Cheapest"

THAT'S an ancient saying; "cheapest" means "least expensive." The truth of it has been brought home to Americans during the past few years.

One class of citizens who didn't need a world-war to teach them that quality pays best are the farmers.

They buy pure bred stock on that basis; they know that quality pays best in the end.

That's why they buy Hart Schaffner & Marx clothes; they're the true economy and farmers know it,

You get your money back if you aren't satisfied.

First Again in the Yosemite

Again Yosemite Park is the scene of a notable Overland achievement. Each year, Foster Curry, manager of the famous Curry Camp at the entrance to the great national reserve, gives a cup to the man who is the first to drive a car into the park.
All manner of plans were made by automobile dealers and owners to win the trophy this year, but the honor was taken by F. E. Smith, Overland dealer at Modesto, Calif. He drove an Overland touring into the gates at 12:25 A. M. New Year's morning.
From November until April, the mountain range between the San Joaquin and Yosemite is buried deep in snow. Few automobiles, unless equipped with skids and carrying black and tackle, can get through the huge drifts.
When Smith decided to win the cup, he turned up an Overland stock touring car, standard equipped except for overdrive tires. The car was piloted by Howard Bartlett of the sales force, accompanied by Ray Barnett of the used car department and W. C. Hewitt of the Stanislaus Auto Supply Company.
The little car started over the hills on Wednesday, Dec. 28th, leaving over the first night at Coulterville. The next day the real fight began as the car was sent into heavy snows toward Hazel Green. After spending several hours in breaking trail, it was agreed that neither trip could be made by a detour through the town of Baldy from which point the railroad tracks could be followed to El Portal. The distance from El Portal to the park is not great.
So the car was swung back and after a hair-raising trip reached the trail road. Without a stop the car swung into the new pathway over the feet. For thirty-one miles the Overland lunched its way along the tortuous right of way.
In several places, deep gorges were spanned by narrow railway bridges and crossing them was no very agreeable sensation since any mishap might have sent the car and its passengers tumbling hundreds of feet down the mountain side. But the faith of the passengers in their sturdy car was fully justified and the car came through the grueling test without injury.
To avoid trains the journey was made by night, the car doing the 21 miles in approximately seven hours.
After a halt at El Portal, the journey was resumed, and just twenty-five minutes after the arrival of the New Year, the Overland arrived at the Sentinel Hotel, was checked in by Ranger Nelson and the first permit of 1921 issued.
In acknowledgment of the victory, the Stanislaus County Automobile Trade Association passed a vote of thanks to Mr. Smith, praising him for winning the cup for Modesto and for bringing the name of their city into prominence throughout the United States.
